

YOU MAKE A DIFFERENCE

WORKING TOGETHER TO TO PROTECT OUR PORT,
ENVIRONMENT, AND COMMUNITY

The Port of Tauranga is a community committed to biosecurity excellence, working together to prevent biosecurity risks. You are part of the team!

Vessels, and the sea containers and goods on them, may contain risks that breach New Zealand's biosecurity rules.

IT WOULD BE
STINK IF
THESE GOT
INTO NEW
ZEALAND

Although we have a world-leading biosecurity (and surveillance) system there is never zero risk. Everyone working on the Port must know what to look out for and why.
