

KVH REGIONAL COORDINATORS

Our regional coordinators are a key part of the New Zealand kiwifruit industry biosecurity network, providing an important communication link between KVH, the wider industry, community, and growers.

Regional coordinators support growers and help reduce biosecurity risk, as well as the spread of Psa in regions where the disease is not already widespread.

You can reach regional coordinators by using the contact details below. For all other regions, growers should contact KVH on 0800 665 825 or email info@kvh.org.nz.

NEW TO BIOSECURITY?

Visit kvh.org.nz or contact us at info@kvh.org.nz for our full range of resources
