

Kerikeri Neonectria / Kiwifruit Trunk Disease Research Update

WHEN: 10:00am - 2:30pm on Tuesday, 12 March 2024

LOCATION: Plant & Food Research, Kerikeri Conference Room,
121 Keri Downs Road, Kerikeri followed by an orchard visit

Join us at a workshop for KVH, Zespri, and Plant & Food Research scientists to reconnect with the region and provide growers with the latest findings from research conducted on Neonectria and other organisms associated with Kiwifruit Trunk Disease (KTD).

We will detail results from the region in relation to wider trunk disease research and offer management strategies for those affected by KTD.

TIME:

10:00AM Arrival & Morning Tea

10:30AM Welcome from KVH

10:35AM **Neonectria and Kiwifruit Trunk Disease Research:** Joy Tyson, Plant & Food Research

Preparing for Phytophthora: Research and Readiness Update
