

Mandatory monitoring summary 2017

All Not Detected orchards in all regions were required to monitor their orchards between 15 September and 15 October 2017 and report their results to KVH on or before 31 October 2017.

There were additional requirements for Whangarei growers to monitor and report their results on 6 and 27 October, 10 November and 1 December.

* Many of the Te Puke orchards listed here are new Greenfields developments and arguta orchards.

<i>Region</i>	<i>No. of Not Detected orchards (required to report mandatory monitoring)</i>	<i>No. which haven't sent in results</i>	<i>Percentage received (due 31st October)</i>
